Key Words: *Gap Analysis, Service Quality and Service Value.*

Pendahuluan

Perkembangan amal usaha Muhammadiyah sangat pesat berkembang, salah satunya perkembangan pelayanan kesehatan. Pelayanan kesehatan dikembangkan dengan membuka klinik pengobatan yang sederhana sampai dengan klinik pengobatan yang lebih kompleks. Peningkatan mutu pelayanan sebagai ujung tombak keberlangsungan usaha perlu dipertahankan dengan berusaha mengetahui faktor-faktor yang mempengaruhi pelayanan rumah sakit dengan meneliti persepsi konsumen terhadap kualitas pelayanan rumah sakit yang baru berkembang dan yang telah berkembang untuk
